OPTO ENGINEERING

Telecentric CORE illuminator, beam dimension ⌀=156.0, x=130.0 mm, blue

KEY ADVANTAGES

Deliver excellent performances
LTCLHP CORE telecentric illuminators deliver exactly the same excellent optical performances as other Opto Engineering® telecentric illuminators.

Downsize your vision system
LTCLHP CORE telecentric illuminators are up to 60% smaller than other telecentric illuminators on the market.

Easy retrofitting into existing systems
LTCLHP CORE illuminators can be mounted in different directions in your machine.

Improve your system performances
LTCLHP CORE illuminators may be used instead of flat backlights to improve your system.

Cut costs and sell more
A smaller system means less expenses and less space and is preferred by the industry.

Homogeneity test report with measured values

The **LTCLHP CORE Series** offers ultra compact telecentric illuminators. They are up to 60% more compact than other collimated illuminators on the market.
